To all our friends in Sidney and North Saanich...

Greetings!

To many of us in the Community the year just passed has presented adversity in many and varied forms, i.e., unemployment, financial and business depression, illness, and bereavement. Not many of us have escaped unscathed the scars of 1934. All these do not deter the collection of taxes and we have to "take it on the chin!" (We trust you still have your funny bone and can still smile over a bit of humor.) It is perhaps our ability to see the brightest side of things that will help us all to make 1935

"You can't stop stoking a steam engine" said Wrigley

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, "having captured practically the entire market, why continue to spend vast sums annually on advertising?"

Wrigley's reply was illuminating.

"Once having raised steam in an engine," he stated, "it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam."

This applies to your business, too. Don't make a secret of your product. Tell people all about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.

CHURCHES OF CHRIST, SCIENTIST
Sunday, January 6th
"GOD" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "Now unto the King, eternal, immortal, invisible, the only wise God, be honor and glory for ever and ever" (1 Timothy 1:17).

Among the citations which comprise the Lesson-Sermon will be the following from the Bible: "For I know that the Lord is great, and that our Lord is above all gods" (Psalms 135:5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind."

Starting the New Year right with a telephone

We used to think we could get along without a telephone, and Robert K. Rudley, "but that was one of last year's mistakes. We know better now."

"We discovered that we were missing many social affairs, because our friends found it difficult to get in touch with us, and it was a worry to know that we couldn't telephone for help in case of fire, burglary or sudden illness."

"So we started the New Year right by having a telephone installed."

Canadian Legion Service Bureaux

One of the characteristics of the Canadian Legion of the British Empire Service League, and one which has perhaps resulted in some misconceptions as to the scope of the activities of the organization, has been its unwillingness to blow its own horn, to indulge in boastful publicity regarding what it has accomplished for the ex-service men and women of Canada, irrespective of whether or not they were members of the organization. Action, not words, has been the motto of the legion, yet it is sometimes necessary to reiterate the service policy which it has followed since its inception and which, today, makes it stand forth as the champion of those ex-service men who need assistance in fighting their battles.

The outstanding factor of Canadian Legion work in this regard is its service policy, through which it applies its expert knowledge of all types of veteran problems to the solution of the individual problems of ex-service men and their dependants, and the widows and children of those who have passed on. For the purpose of carrying out this service policy, the Canadian Legion has established a chain of service bureaux across Canada, each giving a service to the war veteran, the widow and the dependant which, because of the extent of the legion organization, reaching into the far corners of every province of the Dominion, is so extensive as to be within the reach of all.

ANNUAL DINNER

"The Annual Ex-Service Men's Dinner," held under the auspices of the North Saanich Saanich Branch, will take place in the Masonic Hall, Saanichton, on Thursday evening, Jan. 17th, at 7 o'clock. An invitation is extended to all ex-service men in the district.

"It always pays to Advertise—if you can deliver the goods!"

"It was worthless until properly advertised"

For a long time it was a failure. No one would buy a Gillette Razor. In desperation King C. Gillette began giving razors away. But it did no good.

It was not till nearly ten years later, when an advertising expert came along that Gillette Razors began to boom. In a few years Gillette was a rich man. His company came to have a capital of £6,000,000, with a profit of £1,500,000 and factories all over the world.

One fact stands out: THE IDEA WAS
WORTHLESS UNTIL PROPERLY
ADVERTISED.

Why shouldn't you benefit by advertising? Harness the "power of the Press" to your own problem. Tell people about your produce or service. And keep telling them! It's the "hammer, hammer, hammer that brings the business in. Remember —
